

ROMAN VARIA

- 260 Black Sea Region. Roman Period. Ca. First-Third Century AD.** Orichalchum Tessera. 12mm, 0.81 gm. Bull r., crescent on its back / Crescent with three stars above. Holed at 12:30 **Good VF** **100.**
- 261 Magnentius (?) 350-353 AD.** Tessera or Weight. 4.37 gm. An AE2 (Centenionalis) that has been altered to serve as a token or weight. The obverse has been completely smoothed and an edge-to-edge X-shaped cross neatly etched in (similar to that commonly seen on early Byzantine Nomisma weights) / Chi-rho, A-w. The edges have been cut down to conform to the desired size and weight, but a small snippet of legend is left on the Chi-rho side. *Interesting.* Deep olive-green **Good VF** **100.**
